

## Royal William Yard

The Grade 1 former Royal Naval victualling buildings are coming alive with cafés/bars, restaurants, museum, art galleries, offices and residential spaces.

Visit the brand new visitor basin with berths available daily, weekly or monthly. Situated at the entrance of the River Tamar, this offers the visiting mariner the opportunity to have a gentle sail on the scenic river or a sea cruise around Plymouth's coastline.

A daily ferry service also operates between Royal William Yard and the Barbican from May to September.
